Recorded response boundaries

Reported responses are listed in the current facts when supplied. Unknown response details remain unknown. No external execution or receipt is established by this local record.

Proposed local preparation (acceptance is not execution)

- Bank assessment request [accepted]: Prepare a local internal human assessment record.
  Basis: EX-Software or access requested v1; SYN Bank A / Intake Officer; priority 1: Prioritise human assessment of the reported pending unfamiliar debit.
  Limit / uncertainty: Approved synthetic prototype guidance only; no authority for real-world action.
  Limit / uncertainty: EXAMPLE-01 teaching target Transaction 1 only.
  Limit / uncertainty: Transaction status conflicts, reported completed and payment requested are outside this teaching entry.
  Limit / uncertainty: The human specialist decides further assessment; no freeze, refund or recovery promised.
  Limit / uncertainty: May be prepared in parallel with Telecommunications assessment request; transaction facts remain reported and unverified.
  Limit / uncertainty: A designated bank human specialist decides further assessment; the intake role performs no account or transaction action.
  Limit / uncertainty: Reported source Q1: reported pending
  Limit / uncertainty: Reported source S3: At 09:30 I noticed an unfamiliar AUD 2,000 debit in my SYN Bank A app; I do not know whether it is pending or completed.
- Telecommunications assessment request [accepted]: Prepare a local SYN Telco B human intake draft.
  Basis: EX-Devices involved v1; SYN Bank A / Intake Officer; priority 2: Prepare in parallel with Bank assessment request.
  Limit / uncertainty: Approved synthetic prototype guidance only; no authority for real-world action.
  Limit / uncertainty: Also requires S4 to explicitly identify SYN Telco B as the person's mobile provider and configured human intake responsibilities; this limited draft is not a runtime matcher.
  Limit / uncertainty: Unknown sharing permission permits local drafting only; no sharing or verification asserted.
  Limit / uncertainty: Do not infer SIM swapping or change a mobile service.
  Limit / uncertainty: External sharing would require human verification of permission and receiver remit; no sending occurs.
  Limit / uncertainty: The receiving human intake team verifies whether the concern falls within its remit; sharing permission remains unverified.
  Limit / uncertainty: Contact 1 · Continuing contact: unknown; preserve this gap.
  Limit / uncertainty: O07:: unknown; preserve this gap.
  Limit / uncertainty: Reported source S1: I received a text message at 09:00 on 16 October 2026 claiming to be SYN Bank A and saying that my account needed verification.
  Limit / uncertainty: Reported source S4: I use SYN Telco B for my mobile service, and I have not contacted either organisation about this yet.

- Message evidence note [accepted]: Optionally prepare a separate summary of existing SMS clues for human assessment.
  Basis: EX-Software or tool v1; SYN Bank A / Intake Officer; priority 3: Optional, lower priority.
  Limit / uncertainty: Approved synthetic prototype guidance only; no authority for real-world action.
  Limit / uncertainty: Also requires existing SMS clues and source references; this limited draft is not a runtime matcher.
  Limit / uncertainty: The employee may decline duplicate preparation; rejection retains facts and gaps.
  Limit / uncertainty: Do not request new materials or claim the SMS is verified.
  Limit / uncertainty: Existing SMS clues and sources only; may be declined as duplicate.
  Limit / uncertainty: Human staff decide whether a separate existing-clue summary is useful; no new materials are required.
  Limit / uncertainty: Reported source S1: I received a text message at 09:00 on 16 October 2026 claiming to be SYN Bank A and saying that my account needed verification.
  Limit / uncertainty: Reported source S5: I have the text message on my phone, but I have not provided any material to the employee.
